

Market Anchor Analysis

Provider: Candidate A

Specialty: Pediatric Critical Care | YOY: 8

IMPORTANT CAVEAT — This analysis is based solely on market survey data and the candidate's CV. No internal equity cohort file or existing offer amount was available. Recommendations should be validated against internal equity before finalizing.

Blended Market Benchmarks (TCC)

Percentile	Blended TCC	Source
25th	\$281,038	Blended weighted-average
50th (Median)	\$321,038	Blended weighted-average
75th	\$366,038	Blended weighted-average
90th	\$412,717	Blended weighted-average

Recommended Range

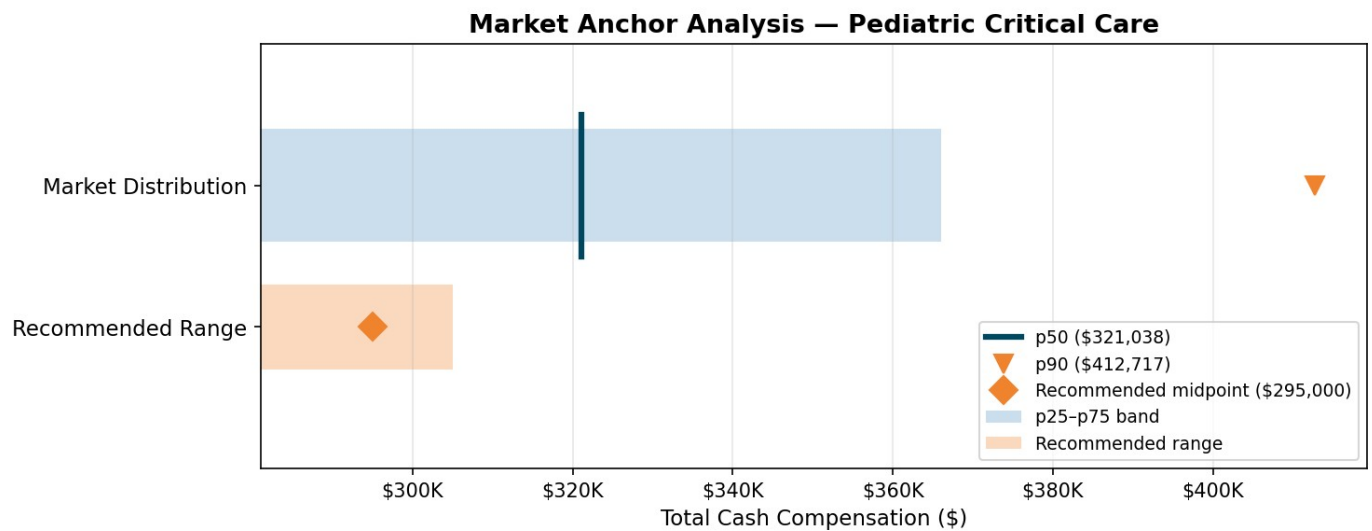

LOW (≈P25–P30)	MIDPOINT (≈P35)	HIGH (≈P40–P50)	MARKET P50
\$281,000 conservative entry	\$295,000 directional estimate	\$305,000 upper governance bound	\$321,038 blended median

Low end (≈p25–p30): \$281,000

Midpoint (≈p35, directional): \$295,000

High end (≈p40–p50): \$305,000

Methodology: Recommended range targets the p25–p50 band for a candidate at this YOY level, using piecewise linear interpolation between survey percentile points. Midpoint is a directional estimate at approximately p35, rounded to the nearest \$1,000.

FOOTNOTES

- Survey distributions are not linear between percentile points; interpolated estimates are directional, not exact.
- Blended benchmark = weighted average across aggregated survey data sources by n-count.
- No internal equity or cost impact analysis is included in this CV-only assessment.
- Analysis date: 2026-08-08
